PHILIPPINE DEBATE

Sharp Words Pass Between Senators Hoar and Platt.

FORMER SARCASTIC.

The Massachusetts Senator Ridiculed the Elections and Schools in the Philippines Which Aroused the Connecticut Man.

Washington, Feb. 12.—A stirring debate on the general Philippine question was precipitated in the senate Tuesday, the principal participants being Mr. Platt of Connecticut and Mr. Hoar of Massachusetts. Mr. Teller of Colorado had concluded for the day his argument against the enactment of the pending Philippine tariff bill. In response to some statements he had made, Mr. Platt directed the senate's attention to the situation in the islands, as he viewed it, maintaining that great progress was being made by the government in subduing the insurrection. He referred to the election for municipal offices in various cities of the islands and to the establishment of schools for the education of Filipino children. Mr. Hoar ridiculed the statements of Mr. Platt, and in a facetious vein adverted to the efforts of the American to control the Filipino people.

The remarks of the Massachusetts senator aroused Mr. Platt, who delivered a notable speech in the course of which he referred to Mr. Hoar in pretty sharp terms. His speech was listened to with profound attention.

In reply, Mr. Hoar delivered an incisive criticism of the action of the Philippine commission, declaring that he had been taught to judge men rather by their actions than by their words; and by this standard he could not judge the Philippine commissioners with any degree of favor.

Early in the day the senate passed a joint resolution submitting a constitutional amendment changing the time of presidential inaugurations and the termination and commencement of congresses from the 4th of March to the last Thursday in April.

The voting on amendments to the oleomargarine bill in the house Tuesday indicated a considerable change of sentiment since last congress, when the bill had 106 majority, and that the opposition to the measure has gained strength. While the passage of the bill is not endangered, it is not likely that the majority, when the final vote is taken, will exceed 30. The opposition Tuesday was strong enough in committee of the whole to adopt two important amendments, one providing that nothing in the act should be construed to prevent the manufacture and sale of oleomargarine in a state for consumption entirely within such state, and the other to provide for the inspection and branding of renovated or process butter. The latter amendment was especially obnoxious to the friends of the measure. Although the amendment commanded a majority of 20 in committee of the whole, where no record is made, it is not unlikely that the action of the committee will be reversed when members are obliged to go on record. Several committee amendments were adopted changing the phraseology of the bill, the most important being that making the 10-cent tax apply to oleomargarine made in imitation of butter "or any shade of yellow."

Against Admission of Philippines.
Washington, Feb. 12.—Senator Carmack has introduced the following joint resolution:

"That the United States regard with extreme disfavor any movement having for its object the early or ultimate admission of the Philippine islands as a state or states of the union; and any action on the part of persons holding office under the authority of the United States that give sanction or encouragement to such a movement is hereby condemned. That to confer the rights and privileges of citizens upon the inhabitants of the Philippine islands would tend to destroy the integrity of citizenship and to degrade the character of the government of the United States. That to maintain the relation of sovereign and subject between the government of the United States and a people under its dominion would be repugnant to the principles of the constitution."

Leases Will Not Be Postponed.
Washington, Feb. 12.—Commissioner of Indian Affairs Jones has given formal notice that the new leases of the 480,000 acres of Kiowa Indian lands in Oklahoma, bordering on Texas, will take effect April 1, as originally proposed. An effort had been made to have the date postponed some months.

Cooper's Dry Dock Bill.
Washington, Feb. 12.—Representative Cooper has introduced a bill to provide for the selection of a site for a United States naval station and dry dock on or near Sabine Pass or the Neches or Sabine River, Texas.

FRANK JAMES WINS

Injunction Granted Restraining Play of "James Boys in Missouri."

HE MUST GIVE BOND

His Contention Was the Play Was Injurious to Youth, Misleading and Detrimental to His Character and Standing.

Kansas City, Feb. 12.—Judge Teasdale in the circuit court here granted the application of Frank James for an injunction to stop the production of the "James Boys in Missouri," a drama depicting the James boys as train robbers and bank looters, and which had been playing at local theaters.

The injunction proceedings were brought by Frank James, his mother, Zaida Samuels and his step-father, Dr. Reuben Samuels. James' petition alleges the play to be harmful to the youth of the country in that it glorifies outlawry and makes heroes out of outlaws, and said it unjustly revived the reputation that he had been trying to live down for 20 years.

The suit raised the question as to whether or not a private citizen could be portrayed on the stage without his consent, whether to his discredit or not.

Judge Teasdale instructed James to furnish a bond of \$4000 to indemnify the theater people against loss in case the decision was overturned by a higher court, and until the bond is given the play will go on. It is believed James will produce the bond.

COST OF LEGISLATURES.

Committee Reports on Twentieth, Twenty-Fifth and Twenty-Seventh.

Austin, Feb. 12.—The legislative committee has made public the reports of sub-committees appointed to investigate houses of the Twentieth, Twenty-third and Twenty-seventh legislatures.

The sub-committees found that the total expenditures of the Twentieth house amounted to \$24,760.86, of which amount \$14,343.36 was for contingent expenses. Cost per day \$294.87; cost per member for the session \$229.27.

The report on the Twenty-third house shows a total expenditure of \$47,921.52, of which amount \$30,471.53 was contingent expenses. The committee found that members used \$17 worth of pocket knives, 72 rubber finger shields and 48 pencil sharpeners.

The report on the Twenty-seventh house shows total expenditures of the regular session of \$16,837, besides contingent expenses which amounted to \$13,719.50; cost of each member during the entire session, \$238.72; average cost per day for each member, \$3.57.

The first and second called sessions of the Twenty-seventh house cost \$9,967, besides contingent expenses which amounted to \$3,161.50, making a grand total for called sessions of \$13,128.50. Average cost, each member, \$1.80; average cost, each member, entire session, \$102.56.

BOLL WEEVIL OF TEXAS.

Senator Culberson Asks Congressional Relief for Cotton Growers.

Washington, Feb. 12.—In the senate today in presenting the petition for congressional relief of cotton growers on account of the ravages of the cotton weevil, Mr. Culberson of Texas said the boll weevil had destroyed 200,000 bales of cotton in Texas alone during the past year, and on account of the ravages of the pest grave apprehension is felt for the cultivation of cotton in central and southeastern Texas.

A bill to ratify the act of the legislative assembly of Arizona providing for a display from Arizona at the international exposition to be held at St. Louis was passed.

At the conclusion of routine business the senate resumed the consideration of the Philippines tariff bill.

Oleomargarine Bill Passed.

Washington, Feb. 12.—In the house this afternoon the motion to recommit the oleomargarine bill was lost by a vote of 112 to 161, and the bill then passed without division.

Hohenzollern Reaches New York.

New York, Feb. 12.—The German imperial yacht Hohenzollern passed in at Sandy Hook lightship this morning, coming into port. The arrival of the Hohenzollern at this port was a surprise, as, according to her itinerary when she sailed, she was to touch at Bermuda. She left St. Thomas Saturday last, with Bermuda as her destination. It is surmised that she encountered heavy weather and found it advisable to change her course direct to New York.

TRUCK AND FRUIT GROWERS AT SEALY

Two Days With the Veteran Horticultu-
rists of South Texas!

Arriving at Sealy on the M., K.
& T., about 10:30 Tuesday morn-
ing the train was met by a recep-
tion committee and a band though
it was pouring rain, and each de-
legate and visitor was furnished
with a badge and conducted to the
hall where the South Texas Truck
and Fruit Growers were already in
session.

Upon adjournment for dinner,
members and visitors were taken
in charge by the citizens of Sealy
and assigned to homes in the most
hospitable manner. It was my
good fortune to be taken, in com-
pany with the secretary, Col. A. D.
Rust and wife, of Rock Island, to
the home of Mr. and Mrs. A. Jordan,
and I must say that if all
were as well taken care of we were
at this hospitable home, the last
one of them will visit Sealy again
the very first opportunity—and I
believe they were, judging by the
satisfied air of all at the assembly
for each session, though the
weather was the roughest. A
splendid program for the enter-
tainment of the visitors was car-
ried out at the hall, displaying
fine local talent. Sealy is a fine
town; full of good people, and her
women are of the fairest.

Following are a few notes taken
that are of especial interest to our
truck growers:

CUCUMBERS.

From the discussion of "Cucum-
ber Culture" we gather:

1st. It is a profitable crop to
grow.

2nd. It is of great importance
to plant varieties that are good
shippers—that will reach the mar-
ket with good, fresh, green appear-
ance—the best being good strains
of the White Spines, the Emeralds
or the Evergreen varieties.

3rd. The size best suited to the
market and shipping are from 5 to
8 inches in length and 2 to 2½
inches in diameter. If gathered
smaller they will wilt and if gath-
ered larger they will appear too
old upon reaching the market.

They are best packed in one-
third or one bushel boxes and can

be shipped by ordinary freight long
distances without ice.

Prices range from \$2.00 a dozen
for fine specimens in early ship-
ments to 75c per bushel for late
shipments. Large quantities can
be profitably marketed at the latter
price if shipped by freight.

PACKING TRUCK.

On "Successful Packing of Gar-
den Truck," we had an able ad-
dress from that experienced grower
and shipper, Mr. Hugh M. Smith
of Brookshire from which I took
the following:

It is of the greatest importance
to our success that we use the right
kind of vegetables, packed in the
right way and under the right con-
ditions, using a neat and uniform
package as near as possible and
one that is used by everybody. It
makes no difference how good your
stuff is, if it doesn't look well the
buyer is very apt to pass it by. We
must please the eye of the buyer
first and then tackle his taste. The
4-basket crate is the best, princi-
pally because it is standard; the
buyer will take it in preference to
a basket or other package holding
more, because he knows what the
4-basket crate holds and he is not
sure whether the other package
holds more or less. He would
rather know what he is paying his
money for.

Beans are best shipped in one-
third bushel boxes and next in
bushel boxes; first piled and
sweated, then dried and cooled, and
packed tight and full. Radishes,
in one-third bushel "chip" baskets
without ice by express or in barrels
with ice; the smaller packages sell
the best. Cantaloupes, in bushel
boxes. Squash, in bushel box or
barrel. When you pack your veg-
etables, you pack your reputation
with them, and your success or
failure is due to the results.

Fill your package full and tight
with good stuff; put in nothing but
what you would pay your money
for and eat yourself. Please the
man who eats your vegetables and
he will call for your truck again;
otherwise you damage not only
yourself but your community as
well, for the buyer will not want
any more of your stuff nor that
shipped from your town. There
are good commission men as well
as bad ones. There are bad packers
as well as good packers. The com-
mission man loves to get and sell
good stuff; he will sell your good
stuff well and treat you right to get
more of it, if for no other reason,
but if he is inclined to beat you at
all, he will steal your bad stuff
because he doesn't care whether
you ship him again or not.

PLANS OF MARKETING.

A good paper was read by B. M.
Anderson of Edna on "Successful
Marketing of Truck." He said:

"There are plans of marketing,
all coming under two general sys-

THEY HAVE COME

tems, the direct and the indirect—
selling to buyers on the spot and
consigning in the markets. There
are some difficulties and disadvan-
tages to be met with in both when
not properly looked after. It is
hard for the truckers to be suc-
cessful growers and market men
at the same time."

He strongly advocated the plan
of growers having one man to
make it a business to look after the
markets, etc., for them. He em-
phasized the importance of pack-
ing. "In selling to men on the
ground, you do not always get the
market value. In consigning, see
that your truck goes direct to the
market using it, so as to pay the
minimum transportation charges.
We should grow in quantities to
ship in car lots, so as to reduce the
cost of transportation. High ex-
press rates add to prices and lessen
profits. Unsatisfactory results
from consignments are largely due
to mistakes of the shipper. Over-
come this by packing properly,
knowing the markets and knowing
the firms you ship to."

Each grower should be known
by his number or have his name
stamp and put it on each package
he fills.

He emphasized very strongly the
need of a canning factory to work
up the surplus, regulate the mar-
ket, lengthen the season of profits
and uphold the standard of prices.

TOMATO CULTURE.

On opening the subject of "To-
mato Culture," the corresponding
secretary, Mr. McHenry, remarked
that he and the committee on pro-
gramme had hoped to make this
largely a tomato meeting, but re-
gretted to say that the leaders on
the subject were unable to attend
on account of sickness. A call for
volunteers was made and responded
to. Feeling that I should not be
there to take all and give nothing,
I volunteered some remarks that
seemed to be well received, as I
was kept on the floor answering
questions some time after I had
finished my talk. There was quite
an interesting discussion on this
subject.

OTHER CROPS.

From private conversation with
a prominent commission man from
Kansas City and others and with
successful growers and experienced
shippers, I gathered some valuable
details in packing and loading
cars to the best advantage, etc. I
find that the squash would be a fine

crop to plant and grow to ship in
ordinary freight without ice in
mixed car lots with cucumbers,
cabbage and potatoes. Shipped in
this way, if we only got what would
pay charges in express shipments,
we would make money. Let us
plant a good lot of squash and
plenty of cucumbers.

WHAT I LEARNED.

Altogether, I feel that we are
much benefited by my visit to the
meeting at Sealy. Facts, pro or
con, derived from such a source
are to be relied upon. Here we get
"straight goods;" we hear the whole
experience straight through and
unbiased. When you are shown
the straight road to success, you
are also warned of the stumbling-
blocks and rough places. We are
told of the mistakes and failures as
well as of the richest successes so
that we are better prepared to meet
and overcome the former, making
our chances more secure in reach-
ing the latter.

"Experiment" can no longer be
mentioned in connection with the
enterprise of growing vegetables in
Texas for the Northern markets.
An enterprise that can live through
adversities like those experienced
by the truck-growing industry in
the floods, freezes and drouths of
the last three years in Texas and
start out in a new year with the
vim and courage that the old South
Texas truck growers are showing
now, is established on too firm a
basis to be doubted. It is an es-
tablished industry that has come to
stay and that, notwithstanding the
severe adversities, is growing
stronger and stronger every day,
and the invigorating influence of
its growth will be felt by every
enterprise and industry in the
state. McDUFF SIMPSON.

Some years since the citizens of
Laredo and New Laredo conceived
the idea of fittingly celebrating
Washington's Birthday (Feb. 22) by
suitable "Mexican-American" fiestas
and parades, and from a small source
this has grown to a magnificent
event, unsurpassed in its splendid
surroundings and interesting particu-

season of the year when business
cares press lightly, and at a time
when weather conditions in that lo-
cality are ideal, this event offers un-

This year the celebration will con-
sist of three days continuous festivi-

cipal day of course being the 22d, and
the program, which is very elaborate,
will comprise several new and inter-

mentioned daylight and night bull
fights, the latter by electric illumina-
tion, torchlight parades, embodying
typical Mexican and Indian
features, sham battle and capture of
the city by the Indians, naval fire-

TRUCK AND FRUIT GROWERS AT SEALY

Two Days With the Veteran Horticultu-
rists of South Texas!

Arriving at Sealy on the M., K.
& T., about 10:30 Tuesday morn-
ing the train was met by a recep-
tion committee and a band though
it was pouring rain, and each dele-
gate and visitor was furnished
with a badge and conducted to the
hall where the South Texas Truck
and Fruit Growers were already in
session.

Upon adjournment for dinner,
members and visitors were taken
in charge by the citizens of Sealy
and assigned to homes in the most
hospitable manner. It was my
good fortune to be taken, in com-
pany with the secretary, Col. A. D.
Rust and wife, of Rock Island, to
the home of Mr. and Mrs. A. Jor-
dan, and I must say that if all
were as well taken care of we were
at this hospitable home, the last
one of them will visit Sealy again
the very first opportunity—and I
believe they were, judging by the
satisfied air of all at the assembly
for each session, though the
weather was the roughest. A
splendid program for the enter-
tainment of the visitors was car-
ried out at the hall, displaying
fine local talent. Sealy is a fine
town; full of good people, and her
women are of the fairest.

Following are a few notes taken
that are of especial interest to our
truck growers:

CUCUMBERS.

From the discussion of "Cucum-
ber Culture" we gather:

1st. It is a profitable crop to
grow.

2nd. It is of great importance
to plant varieties that are good
shippers—that will reach the mar-
ket with good, fresh, green appear-
ance—the best being good strains
of the White Spines, the Emeralds
or the Evergreen varieties.

3rd. The size best suited to the
market and shipping are from 5 to
8 inches in length and 2 to 2½
inches in diameter. If gathered
smaller they will wilt and if gath-
ered larger they will appear too
old upon reaching the market.

They are best packed in one-
third or one bushel boxes and can

be shipped by ordinary freight long
distances without ice.

Prices range from \$2.00 a dozen
for fine specimens in early ship-
ments to 75c per bushel for late
shipments. Large quantities can
be profitably marketed at the latter
price if shipped by freight.

PACKING TRUCK.

On "Successful Packing of Gar-
den Truck," we had an able ad-
dress from that experienced grower
and shipper, Mr. Hugh M. Smith
of Brookshire from which I took
the following:

It is of the greatest importance
to our success that we use the right
kind of vegetables, packed in the
right way and under the right con-
ditions, using a neat and uniform
package as near as possible and
one that is used by everybody. It
makes no difference how good your
stuff is, if it doesn't look well the
buyer is very apt to pass it by. We
must please the eye of the buyer
first and then tackle his taste. The
4-basket crate is the best, princi-
pally because it is standard; the
buyer will take it in preference to
a basket or other package holding
more, because he knows what the
4-basket crate holds and he is not
sure whether the other package
holds more or less. He would
rather know what he is paying his
money for.

Beans are best shipped in one-
third bushel boxes and next in
bushel boxes; first piled and
sweated, then dried and cooled, and
packed tight and full. Radishes,
in one-third bushel "chip" baskets
without ice by express or in barrels
with ice; the smaller packages sell
the best. Cantaloupes, in bushel
boxes. Squash, in bushel box or
barrel. When you pack your veg-
etables, you pack your reputation
with them, and your success or
failure is due to the results.

Fill your package full and tight
with good stuff; put in nothing but
what you would pay your money
for and eat yourself. Please the
man who eats your vegetables and
he will call for your truck again;
otherwise your damage not only
yourself but your community as
well, for the buyer will not want
any more of your stuff nor that
shipped from your town. There
are good commission men as well
as bad ones. There are bad packers
as well as good packers. The com-
mission man loves to get and sell
good stuff; he will sell your good
stuff well and treat you right to get
more of it, if for no other reason,
but if he is inclined to beat you at
all, he will steal your bad stuff
because he doesn't care whether
you ship him again or not.

PLANS OF MARKETING.

A good paper was read by B. M.
Anderson of Edna on "Successful
Marketing of Truck." He said:

"There are plans of marketing,
all coming under two general sys-

tems, the direct and the indirect—
selling to buyers on the spot and
consigning in the markets. There
are some difficulties and disadvan-
tages to be met with in both when
not properly looked after. It is
hard for the truckers to be suc-
cessful growers and market men
at the same time."

He strongly advocated the plan
of growers having one man to
make it a business to look after the
markets, etc., for them. He em-
phasized the importance of pack-
ing. "In selling to men on the
ground, you do not always get the
market value. In consigning, see
that your truck goes direct to the
market using it, so as to pay the
minimum transportation charges.
We should grow in quantities to
ship in car lots, so as to reduce the
cost of transportation. High ex-
press rates add to prices and lessen
profits. Unsatisfactory results
from consignments are largely due
to mistakes of the shipper. Over-
come this by packing properly,
knowing the markets and knowing
the firms you ship to."

Each grower should be known
by his number or have his name
stamp and put it on each package
he fills.

He emphasized very strongly the
need of a canning factory to work
up the surplus, regulate the mar-
ket, lengthen the season of profits
and uphold the standard of prices.

TOMATO CULTURE.

On opening the subject of "To-
mato Culture," the correspond-
ing secretary, Mr. McHenry, remarked
that he and the committee on pro-
gramme had hoped to make this
largely a tomato meeting, but re-
gretted to say that the leaders on
the subject were unable to attend

volunteers was made and responded
to. Feeling that I should not be

I volunteered some remarks that
seemed to be well received, as I

we would make money. Let us

SOUTHERN EDUCATION.

Northern Capitalists and Philanthropists Lending Aid to the Movement.

New York, Feb. 12.—A movement to organize educational work in the United States, especially in the south, on a scale larger than has ever been attempted heretofore, has been gaining strength rapidly in this city within a few weeks. It has attracted the favor of a dozen or more men of great wealth, among them John D. Rockefeller and his son, who are said to have determined to give needed financial support. Several millions of dollars are ready to be pledged to the great undertaking, and abundant means will be available as soon as the plans for organization are completed.

The great educational organization will be in some measure a result of the investigations made by the Southern Educational conference. For several years men of means have been induced to join in the conference over plans for improving educational facilities in the south. It has been made plain at such conferences that the south was too poor to provide for its people, both white and black, as good schools as were needed. Several of the men concerned in the Southern Educational conference have been interested in the work done under the supervision of boards of trustees controlling the funds for education in the south provided by the late George Peabody and the late John Fox Peabody.

CONSULTING MERCHANTS.

President Jimenez Trying to Solve Difficulties of Santo Domingo.

New York, Feb. 12.—President Jimenez has invited merchants to attend a conference at Puerto Plata, Santo Domingo, says a dispatch from that city to the Herald. It is the intention to obtain their opinion as to the best means of solving the economical difficulties in Santo Domingo and of raising the prices on Dominican products.

The government favors a reciprocity treaty with the United States to save the sugar industry, and another with Spain to help the tobacco interests.

Revenues of the government are at present insufficient to pay the budget debts. It is necessary to impose new taxes.

President Jimenez is in favor of a property tax. He also suggests a new loan, but this plan has been received by the people with unfavorable comment.

President Jimenez is continuing his trip through Cibao to gather information regarding conditions.

Estate Left to Charity.

New York, Feb. 12.—Mrs. Julia Elme Brewster Brick, who died at the age of 80 in her home in Brooklyn, Feb. 3, bequeathed in her will, which has just been filed, a great portion of her estate, which is said to be worth nearly \$1,000,000, to charities in which she has been interested for 50 years. To the Joseph K. Brick Agricultural, Industrial and Normal school at Edgecombe, N. C., the bulk of her fortune goes. The American Missionary association is to take charge of this bequest, the exact value of which has not been learned.

X. I. T. Ranch Sale.

Chicago, Feb. 12.—The Capitol Land company, better known as the X. I. T. ranch, and situated in the Panhandle of Texas, of which the Farwells of Chicago are the principal owners, has sold to the Reynolds Land and Cattle company 18,000 acres, to L. T. Clark 40,000 acres, to William J. Todd 50,000 acres, to the Matador Land and Cattle company 210,000 acres, to F. D. Wright 70,000 acres, and about 40,000 acres in smaller tracts to various purchasers.

Noted Baker Dead.

New York, Feb. 12.—Frank C. White, for many years the "official baker" of New York, is dead at White House, N. J., from paralysis. He supplied bread for the public institutions of this city and was rated as a millionaire. Mr. White became widely known for his charity in the Chicago fire, miners strikes in Pennsylvania and in supplying bread to returning soldiers at Montauk Point.

Drink Caused Her Downfall.

Omaha, Feb. 12.—The drink habit, acquired during life in the army, is given as the cause of his downfall by George Leonard, a member of a good family of Wisconsin, who served as second lieutenant in the Porto Rican campaign. Leonard was arrested while groping about the cellar of a sporting goods house, pleaded guilty to burglary, and was remanded to await sentence.

Contest Will Case Ended.

New York, Feb. 12.—In a decision by the New Jersey court of errors and appeals, the celebrated Landis will case has been ended. The contest was dismissed because the contestants did not furnish the required security. The estate at the start of the contest was valued at \$1,000,000; now it is rated at \$150,000.

New Postoffice in Sudan.

Washington, Feb. 12.—The Egyptian postal administration has advised this government that postoffices for the receipt and dispatch of registered mails have been established at Khartoum, Fashoda and 25 other places in Sudan.

Oklahoma Cattlemen.

Wichita, Kas., Feb. 12.—The Oklahoma Cattlemen's association opened a three days' session here Tuesday. Hon. Jerry Simpson delivered the welcoming address.

Clyde Fitch Ill.

New York, Feb. 12.—Clyde Fitch, the playwright, is ill in Atlantic City, with acute intestinal trouble. His condition is not thought to be serious.

FORMED AN ALLIANCE

Great Britain and Japan to Help Each Other.

AGREEMENT SIGNED.

The Preservation of China and Corea Is to Be Maintained and Each Country Pledges Itself to by the Other There.

London, Feb. 11.—An important parliamentary paper has been issued, giving the terms of a practical alliance between Great Britain and Japan for the preservation of China and Corea. The paper covers a dispatch sent by Lord Lansdowne, the secretary of state for foreign affairs, Jan. 30, to the British minister at Tokio, and comprises a signed copy of the agreement.

We each desire, says Lord Lansdowne, that the integrity and independence of the Chinese empire should be preserved and that there should be no disturbance of the territorial status quo, either in China or the adjoining regions.

The agreement declares that if either Great Britain or Japan, in defense of their respective interests in China and Corea, should become involved in a war with another power, the other contracting party will maintain strict neutrality and use its efforts to prevent other powers from joining in the hostilities against its ally. If, in this event, any other power or powers should join in hostilities against that ally, the other contracting party will come to its assistance and will conduct war in common and make peace in mutual agreement with it.

The agreement came into effect immediately when it was signed on Jan. 30, and is to remain in force for five years and be binding for a year after either party denounces it. But if, when the date fixed for the expiration of the agreement arrives, either party thereto is actually engaged in war, the alliance shall continue until peace is concluded.

The agreement is signed by Lord Lansdowne and Baron Haysli, the Japanese minister to Great Britain.

These ministers so well kept the secret that the paper issued after parliament had adjourned for the night, announcing the first important alliance between a western and a yellow or Asian race, comes as a startling surprise to the public, and although the idea of an alliance with Japan is likely to meet with general approval, the outcome of this sensational departure will be anticipated with no little anxiety. It is regarded as a direct move against Russia and to explain the abandonment of the colony of Wei Hai Wei.

To Fight Boll Worm.

Bonham, Tex., Feb. 12.—Fannin county is going to begin in time this year, and will meet the boll worm half way and fight it out. The following committee for the county has been appointed: J. M. Terry, chairman; W. A. Spangler, Dr. R. E. L. Kincaid, J. W. Rainey and Zac Smith. This committee will keep in touch with the organization recently perfected at Paris, and will keep the farmers of the county informed.

Collision on the Choctaw.

Hot Springs, Ark., Feb. 12.—A Choctaw, Oklahoma and Gulf passenger train crashed into the rear end of a Little Rock and Hot Springs passenger train at Gulpha, seven miles east of here. Conductor John Cox of the Choctaw train was badly crushed and sustained internal injuries. The Choctaw engine was buried in the Pullman sleeper of the other train, but fortunately there were no passengers in the sleeper.

Oldest Native Texan.

Dallas, Feb. 12.—Judge A. Lawrence, who is probably the oldest native-born Texan, is visiting relatives in this city. He was born in Galveston county in 1824—seventy-eight years ago—and, it is claimed, was the first white child born in Texas of American parents. His father immigrated from Kentucky and settled in Galveston county about the year 1823. Judge Lawrence is now making his home in Alamogordo, N. M.

Her Neck Broken.

Newport News, Feb. 12.—Eva Gilbert, a trapeze performer at the Powhatan theatre, broke her neck Tuesday night during the performance. In her aerial act, she swung from a trapeze catching her foot in a loop 35 feet from the floor. Her foot slipped from the loop and she fell headlong to the floor amongst the horrified audience. She died in 10 minutes. Her home is in New York.

Town on Wheels.

Guthrie, O. T., Feb. 12.—The town of Alabama, which is located 21 miles north of Holdenville, in the new Creek nation, is on wheels, being moved a distance of two miles to the point where the Frisco is crossed by the Fort Smith and Western railroad, which is being constructed from Fort Smith, Ark., to this city.

Picture of Senator Culbertson.

Austin, Feb. 12.—The governor has in compliance with the provision and appropriation made by the last legislature, purchased of R. J. Onderdonk, a well known artist of San Antonio, a painting of Hon. Charles A. Culbertson, the price paid being \$300. The painting will be hung in the supreme court library.

STILL VERY SICK.

Young Roosevelt Has Not Yet Reached the Critical Stage.

Groton, Mass., Feb. 12.—The reports from the sick room of Theodore Roosevelt, Jr., the eldest son of the president, who since Thursday last, has been ill with pneumonia at the Groton school infirmary, tended to show an improvement and at 8 o'clock Tuesday night his condition was authoritatively stated to be better than it was at the same hour Monday night. At 11 o'clock p. m., last night, Mr. Cortelyou said every indication was for a favorable night; but the fever had fluctuated somewhat and it was impossible to tell just when the crisis would come, although it was looked for during today.

ANOTHER NEW ROAD.

Stillwell Projects One from Kansas City Through Texas to Mexico.

Kansas City, Feb. 12.—Arthur E. Stillwell, builder of the Kansas City Southern and promoter of the Kansas City, Mexico and Orient railroad, has projected a short line from Kansas City to the City of Mexico, the Mexican port of Tampico and a new port on the Gulf of Mexico, opposite Brownsville, Tex. In furtherance of this project he has purchased the Hidalgo and Northeastern railroad which extends from the City of Mexico, northeast towards Tampico with terminal at Pachuca Tortugas and Ireland, a total length of about 150 miles. The Panhandle and Gulf, the Texas corporation of the Orient railway, is chartered to build not only the line of the Orient from the Red River to the Rio Grande, but also a branch line from a point north of San Angelo, Tex., to a point near Brownsville, Tex.

This branch of the Orient will connect with the extension of the Hidalgo and Northeastern and will, with the main line of the Orient north of San Angelo, form the short line between Kansas City and City of Mexico. Leaving the line of the Orient railway at, or north of San Angelo, it will probably run through San Angelo and thence follow a direct course a little east or south to the Mexican border at or near Brownsville. Crossing the Rio Grande it will touch the Gulf of Mexico at a point where a new port will be opened. Extending south from this port the railroad will follow the coast line to the port of Tampico. From this port to the capital of the republic the line will be direct.

LEAVING TEXAS.

Some Insurance Companies Say They Can Not Stand Anti-Trust Law.

Austin, Feb. 12.—A number of large insurance companies which have been doing business in Texas have informed the secretary of state that they have withdrawn from the state, owing to the operation of the anti-trust act, which requires that each company shall make affidavit that it does not belong to any bureau or organization which has for its object the fixing or maintaining of insurance rates. Nearly all of these companies are European concerns. The state commissioner of insurance has been advised that there are 11 insurance companies which did business in Texas last year which have announced their intention of withdrawing from this state. This will make 18 insurance companies to leave the state since the anti-trust act went into effect.

The suits recently instituted in Young county against fire insurance companies for heavy penalties for alleged violation of the anti-trust law are said to have caused several of these companies to resolve to quit the Texas field.

Ten Years for Murder.

Marlin, Tex., Feb. 12.—The case of Ed Logan, a negro 21 years of age, on a charge of murder committed on the streets of Marlin about one year ago when Neal Sealy, a negro man about 30 years of age, was killed, was on trial in the district court all day Monday. The jury returned a verdict finding the defendant guilty and assessing his punishment at confinement in the penitentiary for 10 years.

Gilham Held Responsible.

St. Louis, Feb. 12.—J. W. Gilham, proprietor of the Empire hotel which was burned Sunday, has been held responsible for the death of eleven persons who lost their lives as the result of the fire. The jury says his responsibility lay in his neglect to furnish fire escapes and life lines. Police Sergeant Hall testified that not a life would have been lost had there been fire escapes on the building.

Gould Buys St. Louis Property.

St. Louis, Feb. 12.—Property covering a total area of five blocks has been transferred to George J. Gould, president of the Missouri Pacific and Iron Mountain railway companies. The consideration was \$325,000. It is rumored that Mr. Gould has made the purchase for the purpose of building an immense freight yard facilities.

Robbed by Highwaymen.

Denison, Tex., Feb. 12.—A. F. Morris, proprietor of the only store at Hill, I. T., and A. E. Park, a bystander, were held up and robbed at the muzzle of Winchester by two unmasked men. The victims were marched a safe distance away and released. The robbers got \$50 in money and some groceries.

First Woman Appointment.

Paris, Feb. 12.—Mme. Jean d'Villeuve has been appointed secretary of the French consulate generale in New York. Her appointment marks a new departure, as it is believed to be the first time a woman has been appointed to a post in the diplomatic service.

LORD DUFFERIN DEAD.

He Held Many Offices of Trust and Honor under Eng. Govt.

London, Feb. 12.—The marquis of Dufferin, formerly governor general of Canada, and who had filled many diplomatic posts in English service, died at 6:25 o'clock this morning at his residence at Clondeboyne, County of Down, Ireland. Lord Dufferin had been long in ill health. He passed away peacefully after a night of total unconsciousness.

Lord Dufferin never wholly recovered from the shock he experienced as the result of the death of his son, Lord Ava, in South Africa, and the failure of the London and Globe Finance corporation and kindred concerns, of which he was a director, completed his breakdown.

Lord Clondeboyne, his eldest son, who is a clerk in the foreign office, and who married Florence, daughter of John H. Davis of New York, succeeds to the title, and another American joins the ranks of peeresses.

COMMENTS ON ALLIANCE.

Some Newspapers Approve and Some Disapprove Such a Move.

London, Feb. 12.—Liberal afternoon newspapers view with mixed feelings the alliance between Great Britain and Japan, and Conservative organs generally applaud it. The St. James Gazette (Conservative), expressed "Modified rapture at this wide departure from British traditional policy," but finds solace in the thought that the policy and interests of the United States are identical with those of Great Britain and Japan, and concludes: "Perhaps we shall find, when the policy of Great Britain is definitely known, that the United States is formally or informally a party to the league of peace in the far east. At any rate, no effort should be spared to secure its adhesion." The Westminster Gazette thinks that the alliance can be fairly termed offensive and defensive, and says that it therefore has a dangerously wide extension, and concludes that it looks something like inviting war.

WELCOME FOR MRS. DAVIS.

Birmingham Warmly Greets the Wife of President of the Confederacy.

Birmingham, Ala., Feb. 12.—There was a general reception at the Morris hotel this morning in honor of Mrs. Jefferson Davis, who arrived Tuesday evening. She is on her way to Jackson, Miss., where she will appear before the legislature to urge the purchase by the state of Mississippi of Beauvoir, the old Davis mansion. Hundreds of persons attended the reception and had the privilege of being greeted by Mrs. Davis. She was presented with badges by local camps of Confederate Veterans, and was the recipient of many beautiful flowers from the Daughters of the Confederacy. Mrs. Davis left on a special train.

It was learned here that Mrs. Davis had been offered in the north \$90,000 for Beauvoir, but refused to sell. She offers the place to Mississippi for \$10,000, provided the state will establish and maintain there a home for Confederate soldiers.

SAVED FROM A MOB.

Man Accidentally Kills an Aged Woman Shooting at an Enemy.

New Orleans, Feb. 12.—Willis Cooper of Amite City, La., was brought here hurriedly and lodged in the parish prison to escape lynching by an infuriated mob. While the carnival procession was in progress at Amite City, Cooper and William Perry renewed a previous difficulty. Cooper getting the worst of it, drew his pistol and fired four shots, not only killing Perry, but also Mrs. Faraba Russell, an aged lady who, surrounded by her children and grand-children was witnessing the parade. The deplorable killing of Mrs. Russell created intense indignation, and the sheriff and his deputies had great difficulty in spiritling Cooper away from the excited populace.

SINKS THE CRESPO.

Revolutionary Steamer Libertador Destroys the Venezuelan Gunboat.

Willemstad, Feb. 12.—A schooner which communicated Tuesday with the Venezuelan revolutionary steamer Libertador, confirms the report that the latter sank the Venezuelan gunboat General Crespo recently near Cumaredo. The captain and crew of the Crespo are prisoners on board the Libertador.

No confirmation has been obtained of the report that a naval engagement took place Monday last off the coast of Venezuela, though the sound of cannonading was heard here that morning.

The Venezuelan gunboat Bolivar is cruising in these waters. The Libertador is also off this island.

Receiver for Wrecked Bank.

Detroit, Feb. 12.—Judge Donovan has appointed the Union Trust company of this city receiver for the wrecked City Savings bank. The bond was fixed at \$600,000. Prosecuting Attorney Hunt has begun suit against the directors of the City Savings bank on behalf of Wayne county for \$250,000. The county is one of the heaviest depositors in the wrecked institution. Cashier Henry R. Andrews of the City Savings bank is reported weaker. His mind wanders and he has symptoms of recurrence of heart trouble.

SOUTHERN EDUCATION.

Northern Capitalists and Philanthropists Lending Aid to the Movement.

New York, Feb. 12.—A movement to organize educational work in the United States, especially in the south, on a scale larger than has ever been attempted heretofore, has been gaining strength rapidly in this city within a few weeks. It has attracted the favor of a dozen or more men of great wealth, among them John D. Rockefeller and his son, who are said to have determined to give needed financial support. Several millions of dollars are ready to be pledged to the great undertaking, and abundant means will be available as soon as the plans for organization are completed.

The great educational organization will be in some measure a result of the investigations made by the Southern Educational conference. For several years men of means have been induced to join in the conference over plans for improving educational facilities in the south. It has been made plain at such conferences that the south was too poor to provide for its people, both white and black, as good schools as were needed. Several of the men concerned in the Southern Educational conference have been interested in the work done under the supervision of boards of trustees controlling the funds for education in the south provided by the late George Peabody and the late John Fox Peabody.

CONSULTING MERCHANTS.

President Jimenez Trying to Solve Difficulties of Santo Domingo.

New York, Feb. 12.—President Jimenez has invited merchants to attend a conference at Puerto Plata, Santo Domingo, says a dispatch from that city to the Herald. It is the intention to obtain their opinion as to the best means of solving the economical difficulties in Santo Domingo and of raising the prices on Dominican products.

The government favors a reciprocity treaty with the United States to save the sugar industry, and another with Spain to help the tobacco interests.

Revenues of the government are at present insufficient to pay the budget debts. It is necessary to impose new taxes.

President Jimenez is in favor of a property tax. He also suggests a new loan, but this plan has been received by the people with unfavorable comment.

President Jimenez is continuing his trip through Cibao to gather information regarding conditions.

Estate Left to Charity.

New York, Feb. 12.—Mrs. Julia Elme Brewster Brick, who died at the age of 80 in her home in Brooklyn, Feb. 3, bequeathed in her will, which has just been filed, a great portion of her estate, which is said to be worth nearly \$1,000,000, to charities in which she has been interested for 50 years. To the Joseph K. Brick Agricultural, Industrial and Normal school at Edgcombe, N. C., the bulk of her fortune goes. The American Missionary association is to take charge of this bequest, the exact value of which has not been learned.

X. I. T. Ranch Sale.

Chicago, Feb. 12.—The Capitol Land company, better known as the X. I. T. ranch, and situated in the Panhandle of Texas, of which the Farwells of Chicago are the principal owners, has sold to the Reynolds Land and Cattle company 18,000 acres, to L. T. Clark 40,000 acres, to William J. Todd 50,000 acres, to the Matador Land and Cattle company 210,000 acres, to F. D. Wright 70,000 acres, and about 40,000 acres in smaller tracts to various purchasers.

Noted Baker Dead.

New York, Feb. 12.—Frank C. White, for many years the "official baker" of New York, is dead at White House, N. J., from paralysis. He supplied bread for the public institutions of this city and was rated as a millionaire. Mr. White became widely known for his charity in the Chicago fire, miners strikes in Pennsylvania and in supplying bread to returning soldiers at Montauk Point.

Drink Caused Her Downfall.

Omaha, Feb. 12.—The drink habit, acquired during life in the army, is given as the cause of his downfall by George Leonard, a member of a good family of Wisconsin, who served as second lieutenant in the Porto Rican campaign. Leonard was arrested while groping about the cellar of a sporting goods house, pleaded guilty to burglary, and was remanded to await sentence.

Contest Will Case Ended.

New York, Feb. 12.—In a decision by the New Jersey court of errors and appeals, the celebrated Laddis will case has been ended. The contest was dismissed because the contestants did not furnish the required security. The estate at the start of the contest was valued at \$1,000,000; now it is rated at \$150,000.

New York, Feb. 12.—Clyde Fitch, the playwright, is ill in Atlantic City, with acute intestinal trouble. His condition is not thought to be serious.

FORMED AN ALLIANCE

Great Britain and Japan to Help Each Other.

AGREEMENT SIGNED.

The Preservation of China and Corea Is to Be Maintained and Each Country Pledges Itself to by the Other There.

London, Feb. 11.—An important parliamentary paper has been issued, giving the terms of a practical alliance between Great Britain and Japan for the preservation of China and Corea. The paper covers a dispatch sent by Lord Lansdowne, the secretary of state for foreign affairs, Jan. 30, to the British minister at Tokio, and comprises a signed copy of the agreement.

We each desire, says Lord Lansdowne, that the integrity and independence of the Chinese empire should be preserved and that there should be no disturbance of the territorial status quo, either in China or the adjoining regions.

The agreement declares that if either Great Britain or Japan, in defense of their respective interests in China and Corea, should become involved in a war with another power, the other contracting party will maintain strict neutrality and use its efforts to prevent other powers from joining in the hostilities against its ally. If, in this event, any other power or powers should join in hostilities against that ally, the other contracting party will come to its assistance and will conduct war in common and make peace in mutual agreement with it.

The agreement came into effect immediately when it was signed on Jan. 30, and is to remain in force for five years and be binding for a year after either party denounces it. But if, when the date fixed for the expiration of the agreement arrives, either party thereto is actually engaged in war, the alliance shall continue until peace is concluded.

The agreement is signed by Lord Lansdowne and Baron Hayashi, the Japanese minister to Great Britain.

These ministers so well kept the secret that the paper issued after parliament had adjourned for the night, announcing the first important alliance between a western and a yellow or Asian race, comes as a startling surprise to the public, and although the idea of an alliance with Japan is likely to meet with general approval, the outcome of this sensational departure will be anticipated with no little anxiety. It is regarded as a direct move against Russia and to explain the abandonment of the colony of Wei Hai Wei.

To Fight Boll Worm.

Bonham, Tex., Feb. 12.—Fannin county is going to begin in time this year, and will meet the boll worm half way and fight it out. The following committee for the county has been appointed: J. M. Terry, chairman; W. A. Spangler, Dr. R. E. L. Kincaid, J. W. Rainey and Zac Smith. This committee will keep in touch with the organization recently perfected at Paris, and will keep the farmers of the county informed.

Collision on the Choctaw.

Hot Springs, Ark., Feb. 12.—A Choctaw, Oklahoma and Gulf passenger train crashed into the rear end of a Little Rock and Hot Springs passenger train at Gulpha, seven miles east of here. Conductor John Cox of the Choctaw train was badly crushed and sustained internal injuries. The Choctaw engine was buried in the Pullman sleeper of the other train, but fortunately there were no passengers in the sleeper.

Oldest Native Texan.

Dallas, Feb. 12.—Judge A. Lawrence, who is probably the oldest native-born Texan, is visiting relatives in this city. He was born in Galveston county in 1824—seventy-eight years ago—and, it is claimed, was the first white child born in Texas of American parents. His father immigrated from Kentucky and settled in Galveston county about the year 1823. Judge Lawrence is now making his home in Alamogordo, N. M.

Her Neck Broken.

Newport News, Feb. 12.—Eva Gilbert, a trapeze performer at the Powhatan theatre, broke her neck Tuesday night during the performance. In her aerial act, she swung from a trapeze catching her foot in a loop 35 feet from the floor. Her foot slipped from the loop and she fell headlong to the floor amongst the horrified audience. She died in 10 minutes. Her home is in New York.

Town on Wheels.

Guthrie, O. T., Feb. 12.—The town of Alabama, which is located 21 miles north of Holdenville, in the new Creek nation, is on wheels, being moved a distance of two miles to the point where the Frisco is crossed by the Fort Smith and Western railroad, which is being constructed from Fort Smith, Ark., to this city.

Picture of Senator Culbertson.

Austin, Feb. 12.—The governor has in compliance with the provision and appropriation made by the last legislature, purchased of R. J. Onderdonk, a well known artist of San Antonio, a painting of Hon. Charles A. Culbertson, the price paid being \$300. The painting will be hung in the supreme court library.

STILL VERY SICK.

Young Roosevelt Has Not Yet Reached the Critical Stage.

Groton, Mass., Feb. 12.—The reports from the sick room of Theodore Roosevelt, Jr., the eldest son of the president, who since Thursday last, has been ill with pneumonia at the Groton school infirmary, tended to show an improvement and at 8 o'clock Tuesday night his condition was authoritatively stated to be better than it was at the same hour Monday night. At 11 o'clock p. m., last night, Mr. Cortelyou said every indication was for a favorable night; but the fever had fluctuated somewhat and it was impossible to tell just when the crisis would come, although it was looked for during today.

ANOTHER NEW ROAD.

Stillwell Projects One from Kansas City Through Texas to Mexico.

Kansas City, Feb. 12.—Arthur E. Stillwell, builder of the Kansas City Southern and promoter of the Kansas City, Mexico and Orient railroad, has projected a short line from Kansas City to the City of Mexico, the Mexican port of Tampico and a new port on the Gulf of Mexico, opposite Brownsville, Tex. In furtherance of this project he has purchased the Hidalgo and Northeastern railroad which extends from the City of Mexico, northeast towards Tampico with termini at Pachuca, Tortugas and Ireland, a total length of about 150 miles. The Panhandle and Gulf, the Texas corporation of the Orient railway, is chartered to build not only the line of the Orient from the Red River to the Rio Grande, but also a branch line from a point north of San Angelo, Tex., to a point near Brownsville, Tex.

This branch of the Orient will connect with the extension of the Hidalgo and Northeastern and will, with the main line of the Orient north of San Angelo, form the short line between Kansas City and City of Mexico. Leaving the line of the Orient railway at, or north of San Angelo, it will probably run through San Angelo and thence follow a direct course a little east or south to the Mexican border at or near Brownsville. Crossing the Rio Grande it will touch the Gulf of Mexico at a point where a new port will be opened. Extending south from this port the railroad will follow the coast line to the port of Tampico. From this port to the capital of the republic the line will be direct.

LEAVING TEXAS.

Some Insurance Companies Say They Can Not Stand Anti-Trust Law.

Austin, Feb. 12.—A number of large insurance companies which have been doing business in Texas have informed the secretary of state that they have withdrawn from the state, owing to the operation of the anti-trust act, which requires that each company shall make affidavit that it does not belong to any bureau or organization which has for its object the fixing or maintaining of insurance rates. Nearly all of these companies are European concerns. The state commissioner of insurance has been advised that there are 11 insurance companies which did business in Texas last year which have announced their intention of withdrawing from this state. This will make 18 insurance companies to leave the state since the anti-trust act went into effect.

The suits recently instituted in Young county against fire insurance companies for heavy penalties for alleged violation of the anti-trust law are said to have caused several of these companies to resolve to quit the Texas field.

Ten Years for Murder.

Marlin, Tex., Feb. 12.—The case of Ed Logan, a negro 21 years of age, on a charge of murder committed on the streets of Marlin about one year ago when Neal Sealy, a negro man about 30 years of age, was killed, was on trial in the district court all day Monday. The jury returned a verdict finding the defendant guilty and assessing his punishment at confinement in the penitentiary for 10 years.

Gilham Held Responsible.

St. Louis, Feb. 12.—J. W. Gilham, proprietor of the Empire hotel which was burned Sunday, has been held responsible for the death of eleven persons who lost their lives as the result of the fire. The jury says his responsibility lay in his neglect to furnish fire escapes and life lines. Police Sergeant Hall testified that not a life would have been lost had there been fire escapes on the building.

Gould Buys St. Louis Property.

St. Louis, Feb. 12.—Property covering a total area of five blocks has been transferred to George J. Gould, president of the Missouri Pacific and Iron Mountain railway companies. The consideration was \$325,000. It is rumored that Mr. Gould has made the purchase for the purpose of building an immense freight yard facilities.

Robbed by Highwaymen.

Denison, Tex., Feb. 12.—A. F. Morris, proprietor of the only store at Hill, I. T., and A. E. Park, a bystander, were held up and robbed at the muzzle of Winchester by two unmasked men. The victims were marched a safe distance away and released. The robbers got \$50 in money and some groceries.

First Woman Appointment.

Paris, Feb. 12.—Mme. Jean d'Villeuve has been appointed secretary of the French consulate generale in New York. Her appointment marks a new departure, as it is believed to be the first time a woman has been appointed to a post in the diplomatic service.
